# SEMI-SUBMARINE

Bring the whole family and discover what's beneath these beautiful seas without even dipping your toes into the water. The semi submarine excursion allows you to get a closer look at the unique marine life around the island, you might even see some dolphins if you're lucky.

The upper body of the semi submarine remains above the surface at all times, while the bottom part is 1.3 metres below, and, through large windows in the underwater hull, you get to enjoy spectacular views of the underwater ecosystem, thus creating the illusion of a real submarine dive. This is the only vessel where you sit below the sea surface and feel like you are diving.
